INTERNSHIPS & PROJECTS:

Training in C & C++ (HARSCWITEC Faridabad) (06/2019 - 07/2019)

▣ Learned about OOPS and worked on the Tic-tac-toe game.

Training in HTML-5 PHP (SERVER SCRIPT) (Founders tech Faridabad) (06/2016 - 07/2016)

▣ Build the full front-end of the website where people can check the services offered and register themselves. Here I used HTML for creating the template and CSS for styling to make it more appealing

Text Editor & Calculator in Python using Tkinter

▣ Build Text editor & Calculator where I used Tkinter to give all features to text editor like creating new files, fonts, etc. Calculator consists of Buttons, entry-pad etc where we can perform all basic mathematical operations.
